Sutherland House School Harby Lodge Opening

We are very pleased to report the successful move from the Westward site of Sutherland House School to our new premises, Harby Lodge. This followed a transition period for students in January and a house move during February half term. Timescales were tight but everything (well, nearly everything!) was ready for the students' first day after half term and we feel as though we have always been there. Our new facilities are absolutely fantastic and also give us the room to extend our provision by a further ten places. Many thanks to everyone involved in the venture for all their hard work and to all those who have supported us through funds and grants. We would also like to thank the Percy Bilton Charity for allowing us to use the Westward site.

We look forward to our grand opening!
